

Donald Mike Waters Memorial Citizen of the Year Award Winners

Donald "Mike" Waters was a leader in our community until his death in 1999. In 2000, Town Council joined with other citizens on a volunteer Committee to honor Mr. Waters' memory. That Committee is responsible for gathering nominations for this annual award named in his honor.

The Committee uses the following criteria: service provided must be voluntary, and not the result of a paid position; individuals or groups do not have to be a resident of the borough, but their service must benefit the borough in some significant way; the service rendered must have been accomplished in the past 12 months or so, or it may also be for a lifetime of service. The Committee typically announces the recipient at a Town Council meeting in the fall of each year.
